DOCKET NO. SDWA-10-2013-0080 / Yakima Valley Dairies

Eric:

This communication is provided on behalf of the Yakima Valley Dairies, including Liberty Dairy LLC and its associated dairy facility H&S Bosma Dairy.

Please find attached for your use a copy of the revised 100 percent design submittal for lining of Lagoon 6. This version addresses your comments as provided to us in EPA Letter 196. As discussed, we will be foregoing the proposed expansion of the lagoon capacity. This change resolves the need for additional deeper soil borings, and allows the project to proceed to construction more expeditiously.

We are working with the contractor (AgPro) now to finalize pricing, order liner materials and define the expected construction schedule.

Please contact me directly if you have any questions or concerns.

It's been a pleasure working with you on this project.
